Tax & Fees

Federal Subscriber Line Charge funds part of the cost of providing long distance companies access to local telephone networks. It is applied per line.

Federal Universal Service Fee helps keep telephone service affordable for high cost areas, rural health care providers and library Internet access.

The Federal Communications Commission (FCC) authorizes the Subscriber Line Charge,

the Access Recovery Charge and the Universal Service Fund Surcharge.

The Vermont Universal Service fund, administered by the state, funds the state's E911 system, the telephone lifeline program and the telecommunications relay service for people with disabilities.

If you have Consolidated Communications Internet service and your account is past due such that it requires additional collections action by Consolidated Communications including preparing and mailing notices of suspension or disconnection, your account will be subject to an overdue payment collection fee.

If you have Consolidated Communications Internet Service, you will be charged \$2.97 per line per month to offset costs associated with expanding network capacity to support the continued increase in customers' broadband consumption.
